

THE CORPORATION OF TAY VALLEY TOWNSHIP
REQUEST FOR PROPOSAL

WASTE AND RECYCLING HAULAGE
AND
RECYCLING PROCESSING

CONTRACT #2018-PW-015

ADDENDUM NO. 1

**THIS ADDENDUM SHALL BE INCORPORATED INTO THE TENDER PACKAGE
AND SHALL FORM A PART OF THE CONTRACT DOCUMENTS**

Date Issued: October 4, 2018
Issued By: Amanda Mabo, Clerk

Please note the following changes, corrections, additions, deletions, information and/or instructions in connection with the Tender Package. Failure to acknowledge receipt of this Addendum as per Part "A" – Information to Bidders may render your submission non-responsive.

This addendum is to address the following question(s) and/or clarification(s):

Clarification 1:

In Part B, under Construction and Demolition; it is stated that "The dumping fees are paid per metric tonne". Is the contractor invoice this tipping fee or is it cover by the township, as it is being emptied at the townships Glen Tay Site?

Response 1:

The current Contractor is invoicing the Township for Construction and Demolition (C and D) transfer by the metric tonne. C and D is placed in a 40-yard bin, by residents, and removed from the site by the Contractor. The C and D bin is not being emptied at the Glen Tay Site.

It should also be noted that inherent in this RFP is the provision for Bidders to provide their recommendation on how these services might be better provided, potential for increased revenues and decreased costs.
