## OVERVIEW/BACKGROUND

---

---

The process to develop a Community Plan for Safety and Well-being for Lanark County and Smiths Falls began in late 2016. A Steering Committee with representation from the justice, community/youth, health care, social services/housing, victim services, education, Indigenous and local government sectors was established, and consultations and research began. The overall purpose of the plan is to examine assets in the community, assess gaps and develop strategies to enhance the community safety and well-being for residents of Lanark County and Smiths Falls. The development of the plan used frameworks created by the Ontario Working Group and suggested by the Ministry of Community Safety and Correctional Services (now Ministry of the Solicitor General) in order to be consistent with the new Police Services Act requirements.

Consultation included surveys, feedback from agencies through representation at the Lanark County Situation Table and a variety of committees and working groups, focus groups, interviews and statistics. The result was the identification of 12 priority risk areas: mental health, substance use, poverty, housing, transportation, health and well-being, domestic violence and sexual assault, youth and families, seniors, justice, Indigenous considerations and culture and diversity. Issues within each risk area were highlighted, as well as strategies to combat them in the areas of social programming, prevention, risk intervention and emergency response. Outcomes for each of these priority risk areas were established. Progress on the strategies and outcomes is outlined in this document.

In 2018/2019, the plan was adopted by the following municipalities:

Carleton Place  
Drummond/North Elmsley  
Lanark Highlands  
Mississippi Mills  
Montague  
Perth  
Smiths Falls  
Tay Valley

It was adopted in principle by Lanark County Council in 2018.

The following pages are a summary of the updates and activities that have taken place up to the end of 2020 for the 12 risk areas in the four zones shown below. The Advisory Committee has a more detailed workplan outlining updates to activities. Each area has a team leader assigned, and several committees and organizations are already working on these and other strategies that support this plan. A few examples include the Successful Aging Advisory Committee, Lanark County Child and Youth Services Collaborative, Planet Youth Lanark County, the Sexual Assault Domestic Violence Advisory Committee, the Human Services Justice Coordinating Committee, the Community Pandemic Response Committee, United For All (United Way), Child and Youth Advocacy Centre Steering Committee, Lanark County Housing Coalition, poverty action and groups with ODSP/Ontario Works, and many more. Help to promote use of after-hours crisis service (e.g. Kids HelpPhone, <a href="http://www.reachoutnow.ca">www.reachoutnow.ca</a> , etc.).	✓
To enable earlier referrals to appropriate mental health services, have physicians routinely screen for mental health disorders; conduct questionnaire through obstetrics or doctors to reach high-risk families.	✓
Increase number of caseworkers designated for hoarding (as per Lanark County Mental Health presentation to Lanark County Council); work closely with municipalities/bylaw to encourage early tip offs so can help before it comes down to an eviction.	✓
