

## NOTICE ACTIVATION OF REDUCED LOAD PERIOD

It is an offence, under section 122 of *The Highway Traffic Act*, to transport loads in excess of five (5) tonnes per axle upon roads where reduced loads are in effect.

Take notice that in accordance with The Corporation of the County of Lanark By-Law #99-07, reduced load restrictions will be in force on designated County Roads effective **Wednesday, March 1, 2023.**

This restriction will apply only on those County Roads that are posted with the appropriate signs.

A map of all County Roads and the list of County Road **exceptions where reduced load periods are not in effect** can be viewed on our website at <https://www.lanarkcounty.ca/en/roads-trails-and-transit/public-consultations.aspx>

The reduced load period is necessary for the protection of certain County Roads that are susceptible to damage during the spring thaw. The restriction will be removed when the likelihood of road damage has diminished.
